COMPUTER REPAIRS

The Computer Store can diagnose and repair most computers within 24 hours compared to 7-14 Days for most other repair shops. Our technicians have 6 or more years of on job experience at high volume computer repair facilities.

The Computer Store specializes in Desktop, Laptop, Apple (Mac), iPod, Game Console and Consumer Electronic repairs. We are the only company in RI that ser-

vices iPods. We repair products other shops won't even look at.

The Computer Store can customize your computer from scratch and build it in-house.

We can customize...

- Video / Audio Editing Systems
- Home / Business Machines
- Surveillance Systems
- Servers and much more...

At The Computer Store not only do we customize these systems but our staff is knowledgeable in ALL of these specialized fields. We have hands on experience, which means we can recommend the right parts and configurations we know are compatible and functional.

DATA RECOVERY

The Computer Store is experienced in recovering information from all media, so if you lost valuable information we will retrieve it for you fast and efficiently.

Don't trust just anyone with your critical data, improper recovery can result in damaged unrecoverable information.

Most companies charge \$800 and up just to diagnose the problem to give you a price. At The Computer Store we diagnose almost all media for \$29.

We use the best recovery software and hardware on the market.

INK REFILLS

The Computer Store refills ink cartridges while you wait. We can also refill the cartridges that came with the printer or purchased aftermarket. Our refills are 100% guaranteed or your money back. Other companies without the knowledge of how to refill ink may discourage refilling ink. That's because...

- Refilling ink is a skill. It takes time to learn how to refill ink cartridges.
- You need professional equipment to get the job done right.
- They may have had customers who tried to refill ink themselves and failed resulting in some ink leaking in the printer.

The Computer Store refills cartridges to factory specifications. We have filled thousands of ink cartridges with a 80% success rate. Absolutely no printers have ever been damaged or ruined due to refilled ink. We use high quality Grade A ink to refill our cartridges. We also have specialized photo ink for photo printers. Also refilling ink is environmentally safe. It is recommended that when you remove the cartridges from your printer that you refill them right away and put them back in the printer right away for the best results.

COPY & PRINT CENTER

The Computer Store also supplies services for copying, & faxing. Copies are 10 cents for black and white and 50 cents for color. \$1.00 minimum on copies. See membership for member pricing on faxes. Faxing prices are as follows;

- Instate—\$2.50 for the first page and \$1.50 for each additional.
- Domestic—\$2.50 for the first page and \$1.50 for each additional.
- International—\$5.00 for the first page and \$3.00 for each additional.
- Incoming—\$1.50 for each page.

ONSITE SERVICES

The Computer Store will go to your home or business and set-up networks such as wireless networks, printers, internet connections, file sharing and more. You have a business and need a point of sale system set-up, no problem. Or you just need consulting on what to purchase for your needs.

At The Computer Store no job is too big or too small. If you have one computer at home and need it to connect to the web, no problem, or if you have a business intranet that needs files shared from remote locations we do that too.

The Computer Store guarantees the best rates and fast service. You may find other technicians offering service at cheaper rates per hour, but if it takes them twice as long to get the job done then it will actually cost you more! We make sure BEFORE we leave, that the job is done right the first time, and to your satisfaction.

The Computer Store will recommend the best options available to save you money. If servicing your system at our repair facility is more efficient that's what we recommend, other companies are trained to take advantage of these situations. Most service calls are completed within the first hour so you don't have to spend the day waiting for something that could have been done faster, your time is valuable.

With The Computer Store's friendly service and everything we have to offer why wouldn't you choose us to serve you?
